ROLA METAL FANLIGHT WINDOW LOCK

Description

- The Rola fanlight window lock is designed for metal, top hinged windows with stay arms.

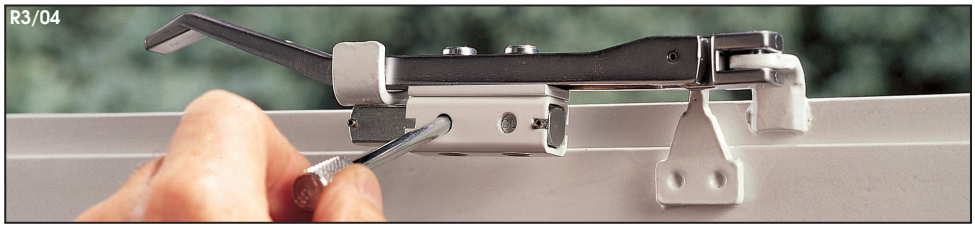

Installation

- Two holes to the correct diameter are drilled in the stay arm and the lock held in position by the top hat nuts and screws supplied.

  A 6mm * packing piece is supplied as standard, 3mm packing pieces are available, R3/06, but not supplied.

Product Code

- Product codes relate to each product and also to how they are supplied; packed singly, packed in multiples or loose. See list of options. Where Rola Products are packed, this includes a display header card and if applicable, fixing instructions.

ROLA MULTI PURPOSE LOCKS - THREADS

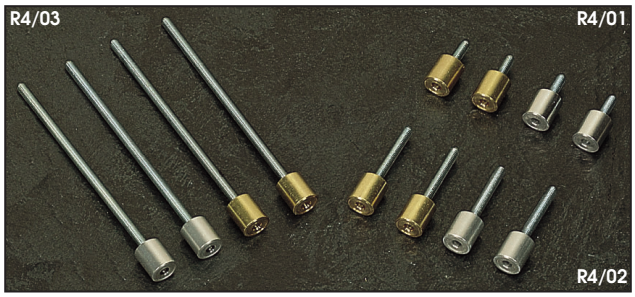

Description

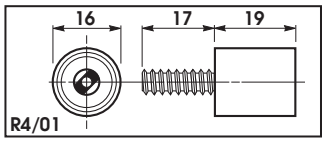

- Rola Multi-Purpose are a variety of ten components, threads and fasteners that can be combined to be used in problem situations, for example, **Stay Locks**, **Single and Double Sliding Patio Doors**, **Removable Grille** and **Access Panel Locks**.

  Shown here are the four lengths of threads, 13, 17, 40 and 130mm all with 19mm bodies and M6 threads, suitable for securing into any of the Multi Purpose components with a 6mm thread.

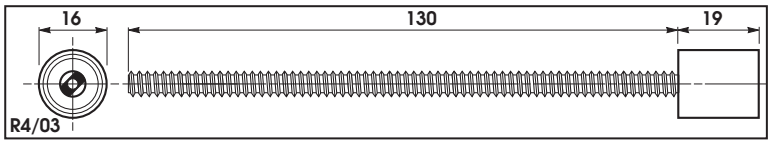

Installation

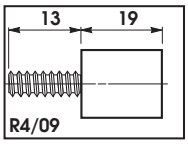

- The threads are installed using the uniquely designed Rola Key.
